

I am a regular listener to XM Satellite Radio. It's great to have when traveling--no loss of signal or need to constantly change stations when they go out of range. The variety is great including all types of music, news, financial news, weather etc. I'm an older person and they play my kind of music which I thoroughly enjoy at home. I pay for this broadcasting and it's the only way to get this type of radio. Please don't make laws changing this service.
